"Census Business Builder" is a suite of services that provides selected demographic and economic data from the Census Bureau tailored to specific types of users in a simple to access and use format. This suite currently includes the ***Small Business Edition*** and a ***Regional Analyst Edition***, but will include other tailored editions in the future.

The ***Small Business Edition*** offers prospective business owners selected Census Bureau statistics to guide their research into opening their new business or expanding an existing one. This version features:

- Easy to use, customer-focused Census Bureau data, available for free to the public.
- Economic and demographic data viewable in a map, report, or table.
- Trend charts to identify changes over time for your industry or customer base.
- Ability to compare data to neighboring counties and comparisons to state and national averages.
- Downloadable and printable business reports with county-level information dynamically generated from Census Bureau data.
