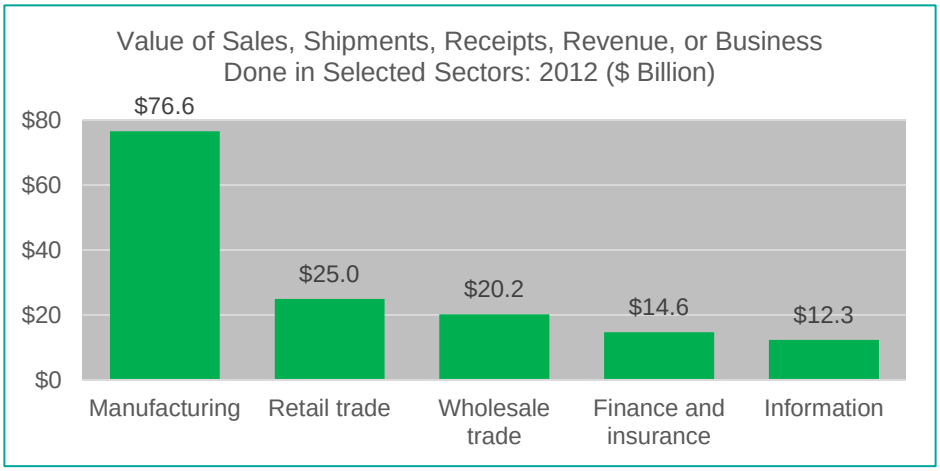
ECONOMIC CENSUS OF ISLAND AREAS

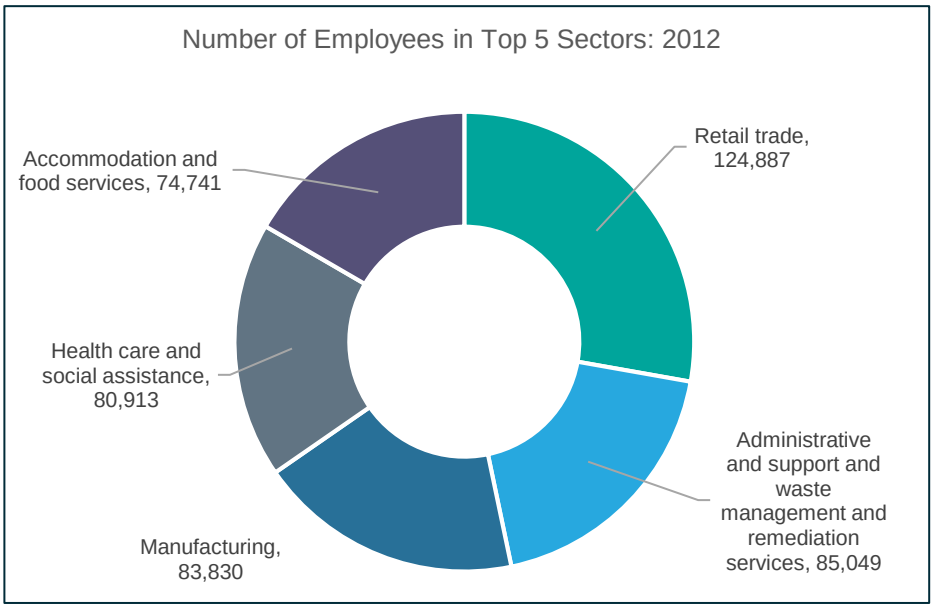
PUERTO RICO SNAPSHOT

The Economic Census of Island Areas provides detailed data on Sales and other measures of business output for nearly every sector of the economy at the national, state, and local area levels by 2-thru 6-digit NAICS code.



(Note: excludes the Utilities, Information, and Finance and Insurance sectors where state-level revenue data are not published)

Detailed data on Employment and Annual Payroll are also available. For the Manufacturing sector, these data are broken out for production workers and other staff. Data on production worker hours are also provided.



United States Census Bureau

DID YOU KNOW:

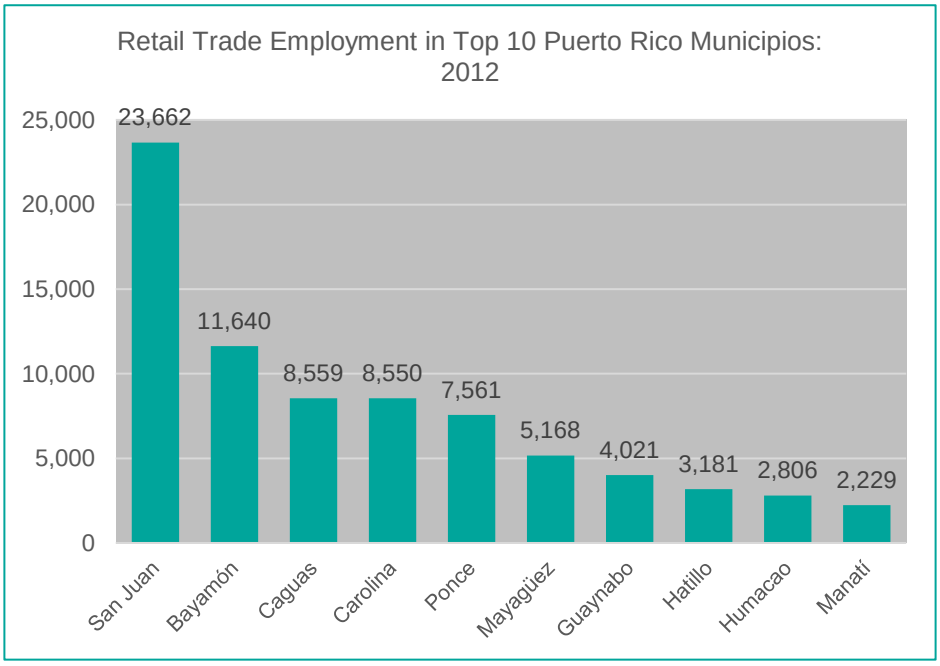
Manufacturing businesses in Puerto Rico reported average sales per employee of $913,456 in 2012

The Retail Trade sector had the most employees of any sector in Puerto Rico in 2012 (124,887)

The Manufacturing sector reported the highest annual payroll of any sector in Puerto Rico in 2012 (nearly $2.9 billion)

There were more Retail Trade establishments in Puerto Rico in 2012 than any other sector (9,732)

Detailed industry data are not only shown for Puerto Rico by 2-thru 6-digit NAICS but also at the Metropolitan Area, Commercial Region, and Municipio levels.
(Note: Data are often supressed at the detailed 6-digit NAICS levels for local areas to protect the privacy of individual businesses.)



The Economic Census of Island Areas is conducted every 5 years, on the years ending in "2" and "7". Data are shown for comparable industries back to 2002.
