

2007 Survey of Business Owners

Release Date: 3/11/2011

Table 6. Summary Statistics for American Indian- and Alaska Native-Owned (AIAN-Owned) Firms by State (Percent Changes): 2002 to 2007

NOTE. The data include firms with paid employees and firms with no paid employees. Data are based on the 2007 Economic Census, and the estimates of business ownership by gender, ethnicity, race, and veteran status are based on the 2007 Survey of Business Owners. Detail may not add to total due to rounding or because a Hispanic firm may be of any race. Moreover, each owner had the option of selecting more than one race and therefore is included in each race selected. Firms with more than one domestic establishment are counted in each geographic area and industry in which they operate, but only once in the U.S. and state totals for all sectors. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Introductory Text and Survey Methodology at <http://www.census.gov/econ/sbo>.

These data are available in comma separated value (CSV) format at http://www2.census.gov/econ/sbo/07/final/tables/aian_table6.csv.

2007 Survey of Business Owners

Release Date: 3/11/2011

Table 6. Summary Statistics for American Indian- and Alaska Native-Owned (AIAN-Owned) Firms by State (Percent Changes): 2002 to 2007

NOTE. The data include firms with paid employees and firms with no paid employees. Data are based on the 2007 Economic Census, and the estimates of business ownership by gender, ethnicity, race, and veteran status are based on the 2007 Survey of Business Owners. Detail may not add to total due to rounding or because a Hispanic firm may be of any race. Moreover, each owner had the option of selecting more than one race and therefore is included in each race selected. Firms with more than one domestic establishment are counted in each geographic area and industry in which they operate, but only once in the U.S. and state totals for all sectors. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Introductory Text and Survey Methodology at <http://www.census.gov/econ/sbo>.

These data are available in comma separated value (CSV) format at http://www2.census.gov/econ/sbo/07/final/tables/aian_table6.csv.

2007 Survey of Business Owners

Release Date: 3/11/2011

Table 6. Summary Statistics for American Indian- and Alaska Native-Owned (AIAN-Owned) Firms by State (Percent Changes): 2002 to 2007

NOTE. The data include firms with paid employees and firms with no paid employees. Data are based on the 2007 Economic Census, and the estimates of business ownership by gender, ethnicity, race, and veteran status are based on the 2007 Survey of Business Owners. Detail may not add to total due to rounding or because a Hispanic firm may be of any race. Moreover, each owner had the option of selecting more than one race and therefore is included in each race selected. Firms with more than one domestic establishment are counted in each geographic area and industry in which they operate, but only once in the U.S. and state totals for all sectors. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Introductory Text and Survey Methodology at <http://www.census.gov/econ/sbo>.

These data are available in comma separated value (CSV) format at http://www2.census.gov/econ/sbo/07/final/tables/aian_table6.csv.

Release Date: 3/11/2011

Table 6. Summary Statistics for American Indian- and Alaska Native-Owned (AIAN-Owned) Firms by State (Percent Changes): 2002 to 2007

NOTE. The data include firms with paid employees and firms with no paid employees. Data are based on the 2007 Economic Census, and the estimates of business ownership by gender, ethnicity, race, and veteran status are based on the 2007 Survey of Business Owners. Detail may not add to total due to rounding or because a Hispanic firm may be of any race. Moreover, each owner had the option of selecting more than one race and therefore is included in each race selected. Firms with more than one domestic establishment are counted in each geographic area and industry in which they operate, but only once in the U.S. and state totals for all sectors. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Introductory Text and Survey Methodology at <http://www.census.gov/econ/sbo>.

These data are available in comma separated value (CSV) format at http://www2.census.gov/econ/sbo/07/final/tables/aian_table6.csv.

2007 Survey of Business Owners

Release Date: 3/11/2011

Table 6. Summary Statistics for American Indian- and Alaska Native-Owned (AIAN-Owned) Firms by State (Percent Changes): 2002 to 2007

NOTE. The data include firms with paid employees and firms with no paid employees. Data are based on the 2007 Economic Census, and the estimates of business ownership by gender, ethnicity, race, and veteran status are based on the 2007 Survey of Business Owners. Detail may not add to total due to rounding or because a Hispanic firm may be of any race. Moreover, each owner had the option of selecting more than one race and therefore is included in each race selected. Firms with more than one domestic establishment are counted in each geographic area and industry in which they operate, but only once in the U.S. and state totals for all sectors. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Introductory Text and Survey Methodology at <http://www.census.gov/econ/sbo>.

These data are available in comma separated value (CSV) format at http://www2.census.gov/econ/sbo/07/final/tables/aian_table6.csv.

Geographic Area	RSE[1] of number of nonemployer firms, 2007 (%)	RSE[1] of number of nonemployer firms, 2002 (%)	SE[2] of percent change in nonemployer firms (%)	RSE[1] of nonemployer receipts, 2007 (%)	RSE[1] of nonemployer receipts, 2002 (%)	SE[2] of percent change in nonemployer receipts (%)
South Dakota	10	15	23.8	11	12	32.3
Tennessee	14	6	11.5	21	33	25.0
Texas	3	6	8.4	7	14	24.9
Utah	11	25	33.9	37	21	85.0
Vermont	40	19	58.8	45	17	83.8
Virginia	10	11	20.1	22	26	33.6
Washington	9	8	14.4	14	16	30.8
West Virginia	S	30	S	S	25	S
Wisconsin	10	10	15.5	16	15	25.6
Wyoming	14	15	17.4	39	32	45.7

[1] - Relative standard error (RSE)

[2] - Standard error (SE)

* - Percent change is not significantly different from zero.

† - Percent change is not significantly different from the percent change for the group nationally.

‡ - Percent change is neither significantly different from zero nor the percent change for the group nationally.

Note: Only the number of all firms and receipts for all firms percent change estimates are tested for significant differences against the percent change for the group nationally.

D - Withheld to avoid disclosing data for individual companies; data are included in higher level totals

S - Withheld because estimate did not meet publication standards

X - Not applicable or not comparable
