A Vital Resource for Businesses that Conduct International Trade

On August 28, 2015, the U.S. Census Bureau is releasing the **2013 Manufacturing and International Trade Report (MITR)**. This annual report contains manufacturing data from the 2013 Annual Survey of Manufactures and the 2012 Economic Census Subject Series. The MITR also includes official U.S. export and import merchandise trade statistics for those same years.

For the first time, the MITR will be presenting multiple years of data in one report (i.e. 2013 and 2012), which is how the report will be produced going forward.

In January 2016, the Census Bureau plans to release the 2014 MITR. The report will present manufacturing product data from the

2014 Annual Survey of Manufactures and revised 2013 data, along with 2014 and 2013 U.S. export and import merchandise trade statistics.
