My Congressional District gives you quick and easy access to detailed statistics collected by the U.S. Census Bureau through the American Community Survey (ACS) and County Business Patterns (CBP). The ACS provides detailed demographic, social, economic, and housing statistics every year for the nation's communities. CBP provides annual statistics for businesses with paid employees at a detailed geography and industry level. My Congressional District is powered by ACS and CBP data through the Census Application Programming Interface (API).
