

# Manufacturing's Top States: 2021 Value of Shipments

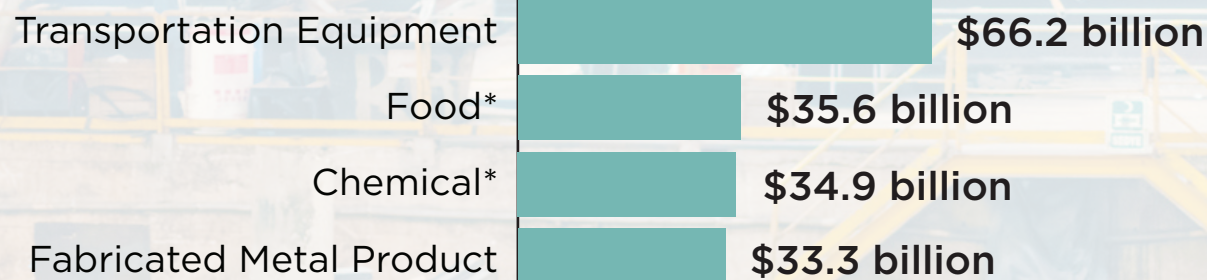

## Texas \$652.4 billion

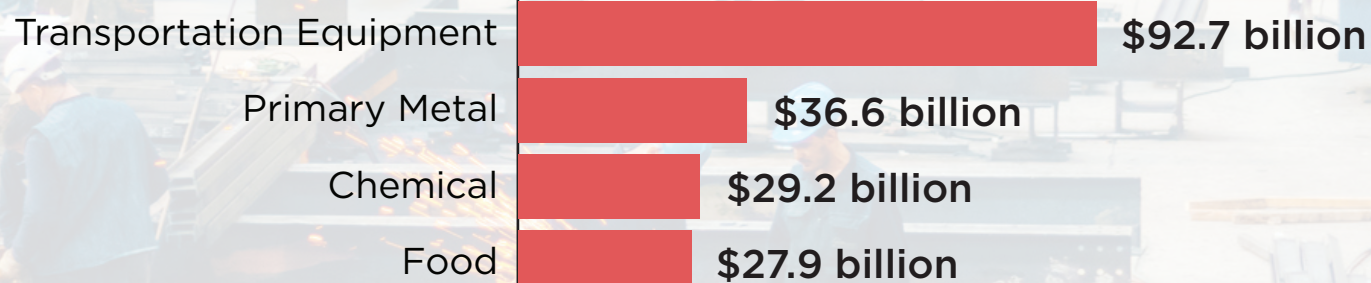

## California \$565.9 billion

## Ohio \$321.9 billion

## Indiana \$289.5 billion

## Illinois \$279.6 billion

\* The difference between the value of shipments for these estimates is not statistically significant at the 90 percent level.

Note: The data presented are the top four subsectors in each state. Data are based on the North American Industry Classification System (NAICS). Data are not adjusted for price changes.

Data are representative of employer firms only. These statistics are estimated from a sample survey and are subject to sampling variability, as well as nonsampling error.
