# Overview of 2015 National Content Test Analysis Report on Race & Ethnicity

Nicholas A. Jones & Michael Bentley U.S. Census Bureau

Full Online Video | February 28, 2017

## **Session Overview**

- Introduction and Background
- Question Format (Separate vs. Combined)
- Testing a Middle Eastern or North African Category
- Evaluating Alternative Instructions and Terminology
- Overall Findings
- Discussion

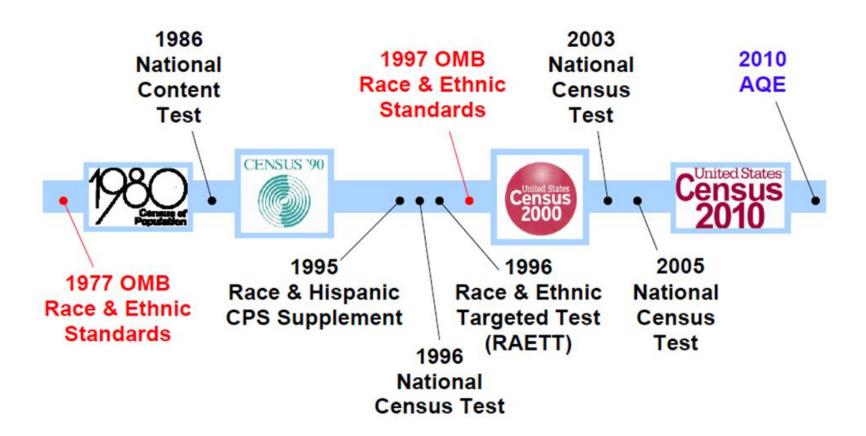

# Introduction and Background

## **Concerns with Current Questions**

- Growing number of groups find the race and Hispanic origin questions confusing
- Increasing responses of "Some Other Race"
- Campaigns and lobbying of the U.S. Census Bureau and the U.S. Congress for changes to the race and Hispanic origin questions
- Led to the 2010 Census Race and Hispanic Origin Alternative Questionnaire Experiment (AQE)

## Background on Race/Ethnicity Research

Note: OMB = U.S. Office of Management and Budget; CPS = Current Population Survey

## 2010 AQE Main Research Findings

#### **Results for the Combined Question**

- Did not reduce Hispanic, Black, AIAN, Asian, NHPI
- Reduced reporting of Some Other Race
- Reporting of White dropped to levels reflecting the Non-Hispanic White population
- Yielded lower item nonresponse rates
- Increased detailed reporting for most groups, but decreased reporting for others
- Better reflects self-identity, per reinterview

## 2010 AQE Main Research Findings

#### **Results from the Focus Groups**

- Fair, equitable treatment for all groups with a combined question
- Middle Eastern and North African participants did not see themselves in the current race/ethnicity categories and recommended a separate Middle Eastern, North African, or Arab response category

## 2015 National Content Test (NCT)

- Census Day of September 1, 2015
- Used large, nationally representative sample of 1.2 million addresses, including Puerto Rico
- Evaluate and compare different census content
- Refine estimates of national self-response and Internet response rates and continue testing different contact strategies for optimizing self-response
- Content reinterview with subsample of NCT respondents, to measure accuracy
- Overall response rate was 51.9%

# Goals for 2015 NCT Race/Ethnicity Research

#### **Key Dimensions to Explore**

- Separate questions vs. combined question
- Middle Eastern or North African (MENA) category
- Instruction wording and terminology
- Web-based designs to improve question understanding and optimize reporting of detailed racial and ethnic groups

# Question Format (Separate vs. Combined)

## **Question Format**

#### **Separate**

Mar	erson 1 Hispanic, Latino, or Spanish? k all boxes that apply AND print ethnicities in the spaces be p, you may report more than one group.

# Race/Ethnicity Distributions by Question Format (Percent Alone or in Combination)

## Percent Distribution of Hispanic Responses and Non-Hispanic Responses by Question Format

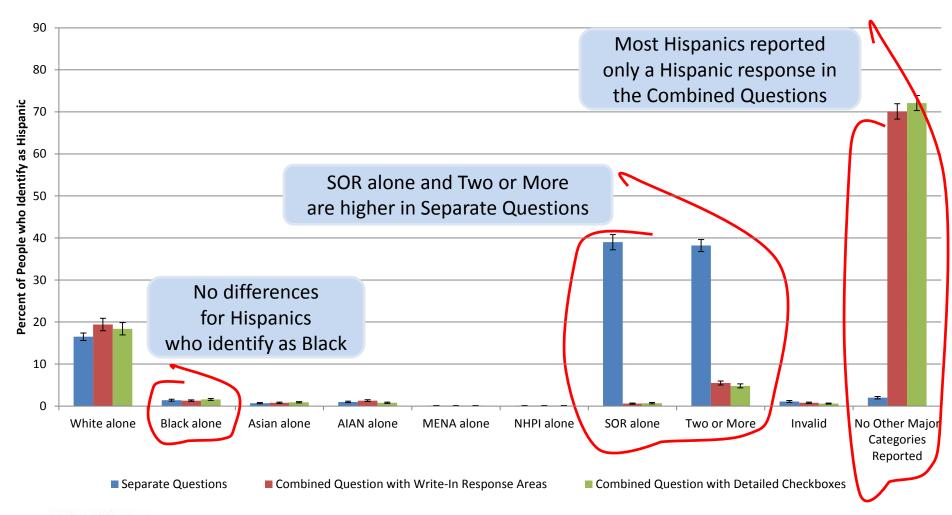

**Economics and Statistics Administration** 

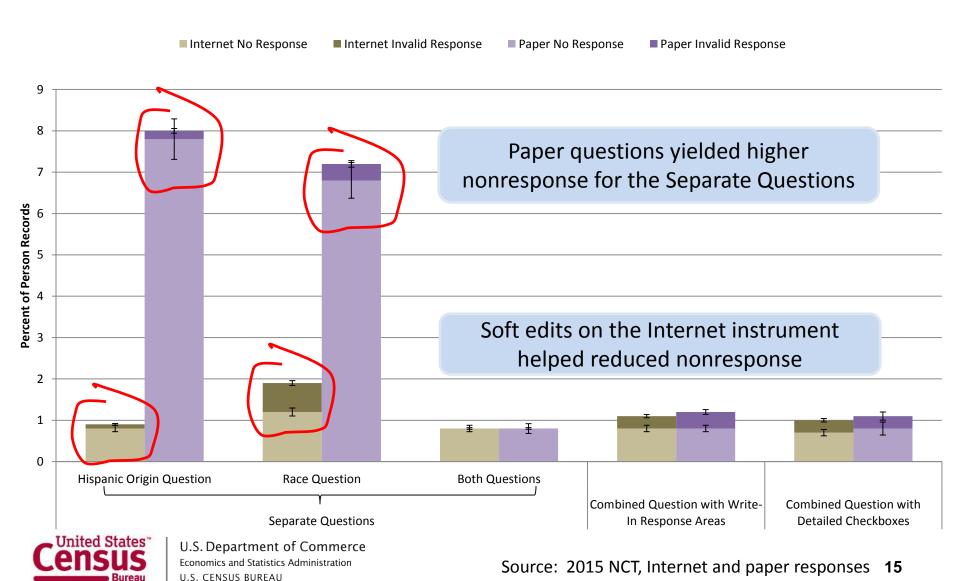

U.S. CENSUS BUREAU

# Percent Distribution of Race for Hispanic Respondents by Question Format

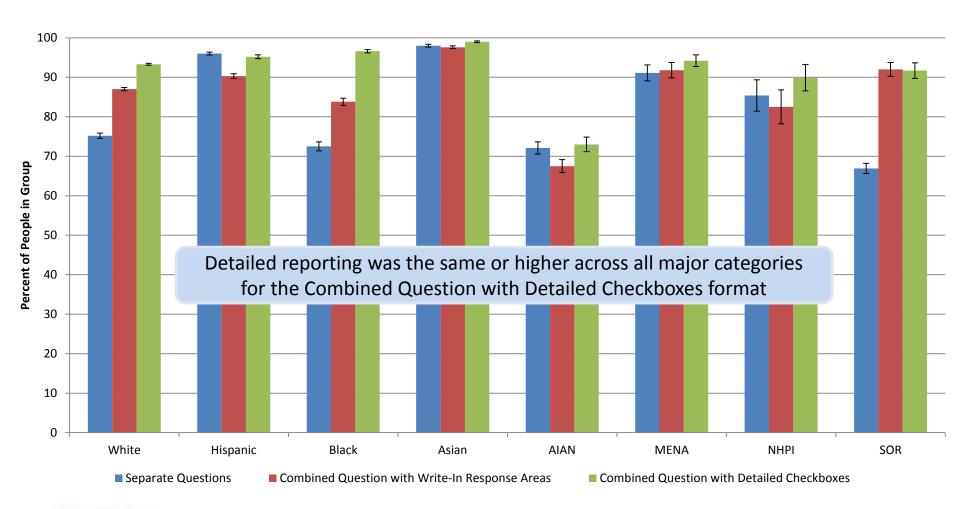

# Percent of Item Nonresponse by Question Format

# Detailed Reporting for Major Race/Ethnicity Groups by Question Format

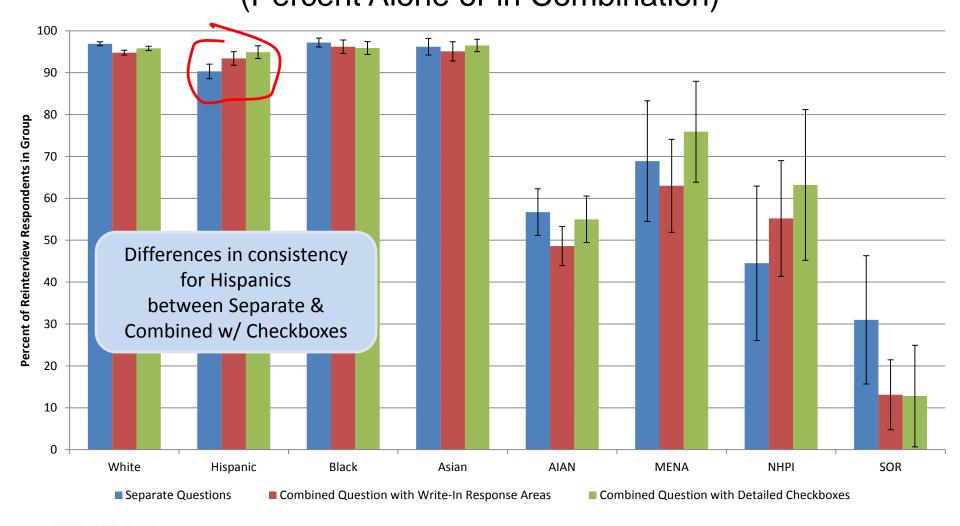

(Percent Alone or in Combination)

Source: 2015 NCT, Internet responses

## Consistency of Reinterview and Self-Response by Race/Ethnicity Group by Question Format (Percent Alone or in Combination)

# Question Format Summary of Findings

The combined question with detailed checkboxes design appears to elicit higher quality data on race and ethnicity; this is in keeping with the results of 2010 AQE

- No changes to distribution for major groups
- Decreased Some Other Race reporting
- Lower item nonresponse for the combined race/ethnicity question than for the separate race question
- Same or higher level of detailed reporting
- Higher overall consistency for Hispanics

## **MENA Classification**

 Researched MENA classifications from 15 government, academic, and non-governmental organizations

 Nationalities in more than half of classifications researched are included in the Census Working Classification

## **Detailed Groups for MENA Analysis**

### **NCT Working Classification of MENA Category**

#### Includes 19 nationalities

Algerian, Bahraini, Egyptian, Emirati, Iraqi, Iranian, Israeli, Jordanian, Kuwaiti, Lebanese, Libyan, Moroccan, Omani, Palestinian, Qatari, Saudi Arabian, Syrian, Tunisian, Yemeni

### Includes 11 ethnicities and pan-ethnic terms

Arab or Arabic, Amazigh or Berber, Assyrian, Bedouin, Chaldean, Druze, Kurdish, Middle Eastern, North African, Syriac

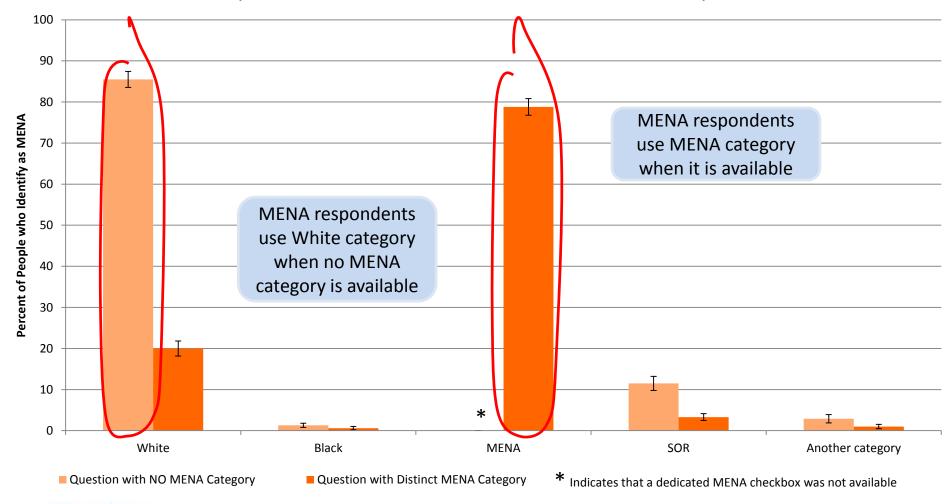

### NCT Oversample for MENA also included

Afghan, Armenian, Azerbaijani, Cypriot, Djiboutian, Georgian, Mauritanian, Somali, South Sudanese, Sudanese, Turkish, Turkish Cypriot

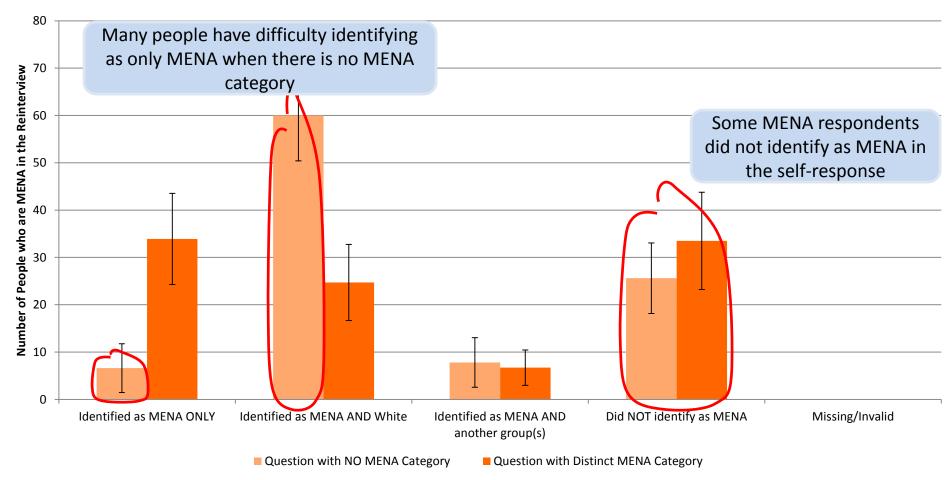

# Where MENA Responses are Reported by Presence of MENA Category

(Percent Alone or in Combination)

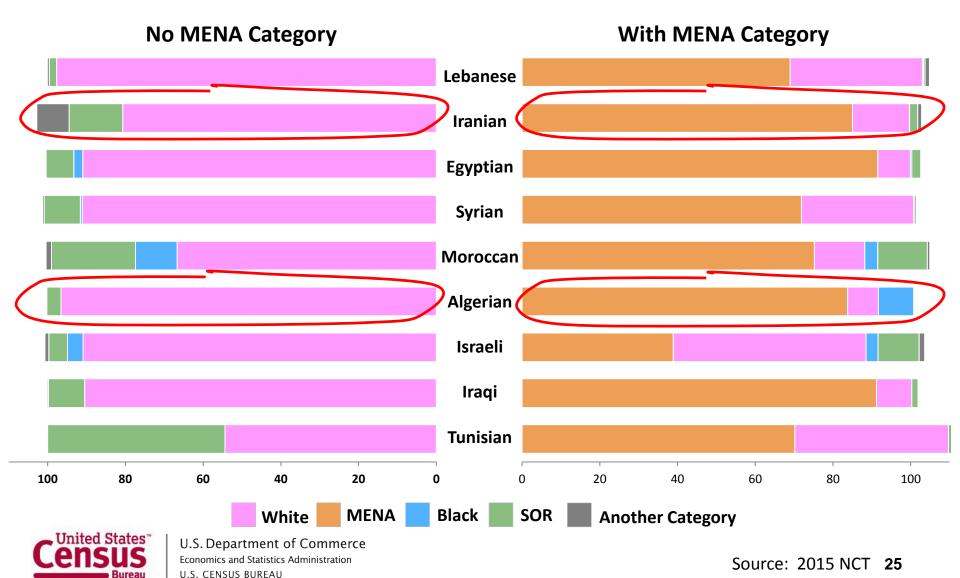

# Self-Response Reporting Patterns of MENA Reinterview Population by Presence of MENA Category

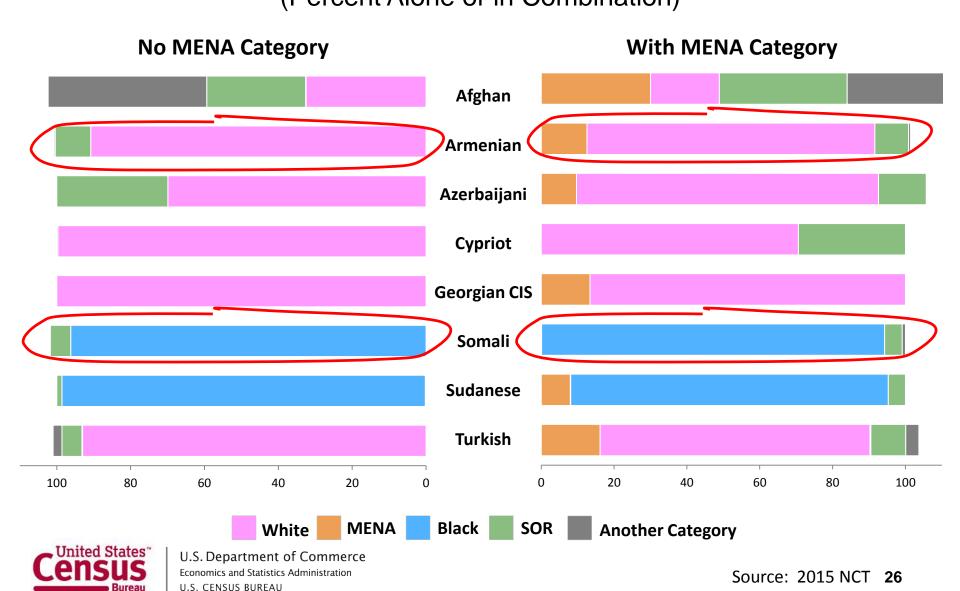

## Detailed Reporting for Groups in the MENA Working Classification by Presence of MENA Category

(Percent Alone or in Combination)

# Detailed Reporting for Groups Not in the MENA Working Classification by Presence of MENA Category (Percent Alone or in Combination)

# MENA Category Summary of Findings

# The use of a distinct Middle Eastern or North African category appears to elicit higher quality data for people who would identify with MENA

- People who identify as MENA use the MENA category when it is available
- People who are MENA have trouble identifying as only MENA when no category is available
- The nationalities and ethnicities in the 2015 NCT working classification of MENA identified as MENA when the category was available
- The nationalities and ethnicities in the MENA oversample did not identify as MENA when the category was available

# **Evaluating Alternative Instructions and Terminology**

## Instructions and Terminology

#### **Instruction Wording:**

- Mark [X] one or more boxes.
- Mark all boxes that apply...
   Note, you may report more than one group.

#### **Question Terminology:**

"Race," "Ethnicity," "Origin"
 What is Person 1's race or origin?
 What is Person 1's race or ethnicity?

No terms = "Categories"
 Which categories describe Person 1?

# Qualitative Research on Question Terminology

Census Bureau's Center for Survey Measurement and RTI International conducted 40 face-to-face cognitive and usability testing interviews with Spanish-speaking respondents

¿Cuál es la **raza** o el **origen étnico** de Persona 1?

(What is Person 1's race or ethnicity?)

"had the same meaning,"
"roots," "where you were born," "ancestry"

¿Cuáles de estas categorías describen a Persona 1?

(Which categories describe Person 1?)

"hierarchal listing of options in which the ordering of the options implied ranking"

"show a pattern of respondents linking the word 'categoría' to a hierarchical order or ranking, rather than to a natural list of options"

"social status or hierarchy"

# Instructions and Terminology Summary of Findings

#### **Instruction Wording:**

Select all boxes that apply ...

Note, you may report more than one group.

#### **Question Terminology:**

What is Person 1's race or ethnicity?

- Only one major race/ethnicity group (AIAN alone or in combination) had a significant increase in reporting when the instructions were changed from old to new with the Race/Origin terminology; all other distributions were not significantly different
- The new instructions increased the rate of consistency of multiple-responses when compared to the old instructions; there was no difference in the rate of consistency for any of the other major race/ethnicity groups
- Qualitative research findings show that Race/Ethnicity terminology was better understood than Categories terminology in Spanish

# Summary of Findings and Optimal Elements from the 2015 NCT Research

# Finding for Question Format

# Combined Question with Detailed Checkboxes Design

# Finding for MENA Response Category

## A dedicated response category "Middle Eastern or North African" (MENA)

Ш	Lebanese	Iranian	Egyptian
	Syrian	Moroccan	Algerian
Print	for example. Isr	aeli, Iraqi, Tunisian	etc. =

# Findings for Instructions and Terminology

"race / ethnicity" terminology

### What is this person's race or ethnicity?

Mark all boxes that apply AND print ethnicities in the spaces below. Note, you may report more than one group.

# Findings for Instructions and Terminology

## **New instruction wording**

What is this person's race or ethnicity?

Mark all boxes that apply AND print ethnicities in the spaces below. Note, you may report more than one group.
