Q

Advanced Search Filters:

- A guided approach
- More precise than single search
- Includes all available search options

- 1. Single Search | Tips to Get Started Examples:
 - Income in Austin, TX
 - 2017 Economic Census
 - Day cares (NAICS 624410)
 - Geography Profile for King County, WA
- 2. Filters | Comparing Across Multiple NAICS and Customizing/Saving Tables Example: Number of employees across in all NAICS beginning with 62 (Health Care and Social Assistance) in the Detroit metro area based on the 2019 County Business Patterns
- 3. Maps | Comparing Across Multiple Geographies Example: Total number of accommodation establishments for all counties in New York
- 4. Search by Topic | Exploring More Datasets Example: Small Business tables

Thematic Mapping Steps

- Find a table that contains data you want to map
- Familiarize yourself with the table layout
- Select your geography
- Create your map

*We offer multiple pathways to create your map in data.census.gov, so these steps can occur in different orders

Data variables

- Provide primary data values for a table
- May be continuous or categorical
- Values are right-aligned

Data Variables in Economic Maps

Bureau

- Data variables appear in the first drop-down menu after clicking the Variables button
- Maps currently support continuous variables. Categorical data variables (example: noise flags) may appear in this drop-down menu but are not currently supported with the maps.

data.census.gov Workshops

data.census.gov Workshops

These participatory classes walk you through examples that cover the basics of using data.census.gov to find demographic and economic data, including ways to search, options available for getting tables into Excel, how to map a table, and more. Time is allotted throughout the training for questions, and participation is strongly encouraged. No prior knowledge of using data.census.gov is required for these classes.

- Please click sessions below to register.
- Registration is required to attend these workshops. Attendance is limited to 50 participants per session.

February 15, 2022 Basics of Finding Data Using data.census.gov Time: 11am - 2pm (ET)

February 16, 2022 **Basics of Finding Data Using data.census.gov** Time: 1pm - 4pm (ET)

February 17, 2022 Basics of Finding Data Using data.census.gov

Basics of Finding Data on data.census.gov

- Choose one of many dates
- Register in advance (up to 50 people per session)
