more about MEPS-IC

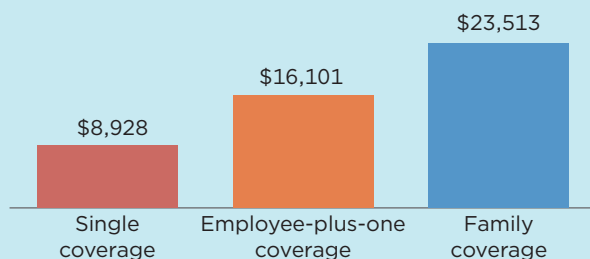

Your organization has been selected to participate in the **Health Insurance Cost Study**, an important survey known as the Medical Expenditure Panel Survey—Insurance Component.

Response matters! Your efforts are contributing to:

- **Reliable economic forecasting:** Health insurance data factor into the Gross Domestic Product (GDP), a measure used to assess the fiscal fitness of our country.
- **Informed decision-making:** Policymakers are able to make informed decisions based on the best employer-sponsored health insurance information available.
- **A valuable benefits planning tool:** Learn how your organization compares to the national average.
