

Enterprise Selection Process Reflects Key Program Design Characteristics

Collection, sharing, and initial screening of ideas
IDEA HUB

Strategic thinking, early vetting, and documentation for projects
INNOVATION LAB

Funding approval & strategic alignment
ESP

Inclusive

Anyone in OES may enter ideas and provide feedback

Cross-office business case team selection. All OES may attend business case presentations.

Invite others in EIA to attend presentations for informational purposes.

Cooperative

Anyone in OES may offer their expertise to support ENA-facilitated early idea screening

Members from different offices and disciplines develop business cases together.

Business Case teams present to and answer questions of OES Senior Leadership.

Efficient

Templates and tools will be designed to minimize time required to participate and potential barriers to entry

Templates and tools will be designed to minimize time required for build out and increase standardization and fairness

Leverage early vetting and templates from Innovation Lab to increase efficiency for ENA, staff, and Senior Leadership.

Transparent

Everyone in EIA may be able to view ideas. Early screening criteria will be predefined and documented.

An Advisory Board of Team Leads will prioritize submissions based on pre-established criteria and provide constructive feedback

Selections based on transparent criteria with feedback provided.
