

## PRELIMINARY: U.S. IMPORTS FOR CONSUMPTION OF STEEL PRODUCTS JUNE 2024

Release Number: CB24-119 FT-900A (24-06)

**July 25, 2024** — The U.S. Census Bureau announced today that preliminary June steel imports were \$2.4 billion (2.0 million metric tons) compared to the preliminary May totals of \$3.1 billion (2.6 million metric tons).

The June change in steel imports based on metric tonnage reflected decreases in blooms, billets, and slabs, wire rods, and reinforcing bars. Increases occurred in hot rolled sheets and standard pipe. Decreases occurred primarily with Korea and Brazil. Increases occurred primarily with Italy and China.

The year-to-date final statistics through May 2024 showed steel imports of 12.0 million metric tons compared with 11.1 million metric tons through May 2023. The largest commodity increases occurred with blooms, billets, and slabs and galvanized hot dipped sheets and strips. Decreases occurred with oil country goods. The largest country increases occurred primarily with Brazil and Korea. Decreases occurred primarily with Mexico.

The July report is scheduled for release on August 27, 2024. View the full schedule at: <[www.census.gov/foreign-trade/schedule.html](http://www.census.gov/foreign-trade/schedule.html)>. The full text and tables for this release can be found at <[www.census.gov/foreign-trade/Press-Release/steel\\_prelim.html](http://www.census.gov/foreign-trade/Press-Release/steel_prelim.html)>.

### EXPLANATORY NOTES

The data in this report are preliminary and subject to revisions. Analysis of recent months for steel product imports indicate the value of preliminary data should equal about 96 percent of the final value reported in the regular monthly trade statistics report. Preliminary data reported for individual steel categories and at the individual country of origin level have been less consistently predictive of the final data reported in the regular monthly trade statistics. For further details, visit our web site at <[www.census.gov/trade](http://www.census.gov/trade)>. On the website, you can access product by country and country by product tables.
