Geography Area Series: County Business Patterns

2012 Business Patterns

Table Name

Geography Area Series: County Business Patterns: 2012

Release Schedule

The data in this file were released on June 26, 2014.

Key Table Information

Beginning with reference year 2007, CBP data are released using the Noise disclosure methodology to protect confidentiality. See Survey Methodology (<http://www.census.gov/econ/cbp/methodology.htm>) for complete information on the coverage and methodology of the County Business Patterns data series.

Universe

The universe of this file is all operating establishments with one or more paid employees. This universe includes most establishments classified in the North American Industry Classification System (NAICS) Codes 11 through 813990. For specific exclusions and inclusions, see Industry Classification of Establishments.

Geography Coverage

The data are shown at the U.S. level and by State, County, and Metropolitan and Micropolitan Statistical Areas. Also available are data for the District of Columbia, Puerto Rico, and the Island Areas (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands) at the state and county equivalent levels.

Industry Coverage

The data are shown at the 2- through 6-digit NAICS code levels for all sectors with published data.

Data Items and Other Identifying Records

This file contains data on the number of establishments, total employment, first quarter payroll and annual payroll.

Sort Order

Data are presented in ascending geography by NAICS code sequence.

NOTE: Data based on the 2012 County Business Patterns. CBP html tables and download files can be found at the County Business Patterns Website.

For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Survey Methodology.

Data in this table represent those available when this report was created; data may not be available for all NAICS industries or geographies. Excludes most government employees, railroad employees, and self-employed persons.

Data User Notice posted on February 9, 2016: Census Bureau staff identified a processing error that affects selected data from the 2012 and 2013 County Business Patterns (CBP). As a result, we revised 2012 and 2013 employment and payroll totals in the Educational Services sector (Sector 61) for the following geographies: Massachusetts; New Mexico; Boston-Cambridge-Newton, MA-NH metro area; Albuquerque, NM metro area; Middlesex County, MA; and Bernalillo County, NM. This processing error did not affect other sectors or states.
