

American FactFinder provides easy access to accurate, relevant, and timely information that supports learning, enhances decision-making, empowers individuals, and strengthens communities.

Whether you are a student, educator, researcher, business owner, community organizer, government representative, or an individual looking for information, American FactFinder is the data resource tool for you.

Quickly Access Data From:

Decennial Census

Taken every 10 years, the census provides demographic data by housing occupancy, relationship, age, race, sex, and Hispanic origin.

American Community Survey

Annual social, economic, housing, and demographic data allow you to track trends and changes in your community.

Population Estimates

Annual estimated population totals for cities and towns, metropolitan areas, counties, and states.

Economic Census

Taken every 5 years, provides a detailed portrait of the nation's economy including retail trade, health services, construction, characteristics of business owners, and more.

Annual Economic Surveys

Detailed economic data including number of employers, establishments, and sales receipts.

Charlotte	1-800-331-7360
Chicago	1-800-865-6384
Dallas	1-800-835-9752
Denver	1-800-852-6159
Detroit	1-800-432-1495
Kansas City	1-800-728-4748
Los Angeles	1-800-992-3530
New York	1-800-991-2520
Philadelphia	1-800-262-4236
Seattle	1-800-233-3308

Go to www.census.gov/regions/ for a complete listing of the states or counties covered by each Regional Office.

American FactFinder

factfinder2.census.gov

The U.S. Census Bureau measures America's people, places, and the economy. American FactFinder is the Census Bureau's primary online tool for accessing a wide variety of population, economic, geographic, and housing information about the United States.

Discover:

- Multiple search capabilities
- Enhanced tools
- Three easy steps for accessing data

American FactFinder—Your Online Resource to Census Bureau Data

1. "Quick Start" Search With a Term or Keyword

Find data by typing in what you are looking for.

2. Topic Search

Search for information by topic(s) of interest with this easy-to-use feature.

3. Advanced Search Options

Search by Geographies, Population Groups, or Industry Codes for more specific information.

The screenshot shows the American FactFinder website interface. At the top, it says "U.S. Census Bureau" and "AMERICAN FactFinder". There are navigation tabs for "MAIN", "SEARCH", "WHAT WE PROVIDE", and "USING FACTFINDER". A language selector shows "English" and "Español".

On the left side, there is a "Your Selections" section with a dropdown menu for "Topics". Below it are sections for "Geographies", "Population Groups", and "Industry Codes".

In the center, there is a "Quick Start" section with a search box labeled "topic or table name" and "geography (optional)". Below it are radio buttons for "topics", "population groups", and "industries".

On the right side, there are several informational boxes: "U.S. Population Clock" showing "310,870,891", "Reference Maps", "Address Search", and "Did you know?".

At the bottom, there is a "News and Notes" section with a date of "Feb 08, 2010".

Numbered callouts point to specific features:

- 1: Quick Start search box
- 2: Topics dropdown menu
- 3: Geographies, Population Groups, and Industry Codes sections
- 4: Reference Maps section
- 5: Address Search section
- 6: Thematic Map of Male: Estimate Geography: by State

4. Easily Access Reference Maps

View maps and geographic boundaries or select geographic areas to add to your search.

5. Address Search

Find data for the communities where you live and work.

6. Enhanced Table and Mapping Tools

Create tables and maps to display data in a variety of ways.
